Publications

International Publication: First author

1. **Pei-Chen Wu***, MD, Chien-Hsiung Lai, MD, Ching-Lung Chen, MD, Chien-Neng Kuo, MD. Optical Coherence Tomographic Patterns in Diabetic Macula Edema Can Predict the Effects of Intravitreal Bevacizumab Injection as Primary Treatment. *Journal of Ocular Pharmacology and Therapeutics*. 2012 Mar;28(3):59-64.
2. **Wu PC***, **Lai CH**, **Tan HY**, **Ma DH**, **Hsiao CH** :**The Successful Medical Treatment of a Case of Paecilomyces lilacinus Keratitis. Cornea. 2010 Mar;29(3):357-8.**

Local Publication: First author

3. **Wu PC***, Hsueh P Y, Lai L J :Delayed Aspergillus Versicolor Infection after Laser in Situ Keratomileusis-A Case Report *Taiwan Journal of Ophthalmology* 2009; 48(4):550-555

Local Publication: co- author

4. Ching-Lung Chen, Yuan-Hsiung Tsai, **Pey-Jane Wu***, Tsung-Hsien Chou, Chien-Hsiung Lai: Delayed Onset Central Retinal Vein Occlusion (CRVO) in Traumatic Carotid Cavernous Sinus Fistula (CCSF)- a Case Report. *Taiwan Journal of Ophthalmology* 2008; 47(3):235-240

International Publication: co-author

5. 郭千能 陳中一 賴建雄 賴麗如 **吳佩蓁*** 洪嘉惠 陳俊憲
Cell Cycle Regulation By Bevacizumab In Alpha-19 Human Retinal Pigment Epithelial Cells. *Molecular Medicine Reports* 2012; 6: 701-704

Presentations

1. Subtenon (ST) versus Intravitreal (IV) Triamcinolone Acetonide (TA) Injections for Diabetic Macular Edema - The 47th Academic and Annual Meeting of the Ophthalmological Society of the Republic of China, 2006, oral, (First author)
2. Spontaneous separation of epiretinal membrane (ERM) after successful surgery for macula-off retinal detachment. The 48th Academic and Annual Meeting of the Ophthalmological Society of the Republic of China, 2007, poster (First author)
3. Successful Medical Treatment of a case of Paecilomyces lilacinus Keratitis. The 49th Academic and Annual Meeting of the Ophthalmological Society of the Republic of China, 2008, poster (First author)
4. Subretinal mass caused by necrotizing granulomatous inflammation. The 50th Academic and Annual Meeting of the Ophthalmological Society of the Republic of China, 2009, poster
5. Clinical manifestation with posterior chamber granuloma of mycobacteria panuveitis. The 51th Academic and Annual Meeting of the Ophthalmological Society of the Republic of China, 2010, poster
