

* 林岱民醫師

所有發表期刊論文

1. Fracture resistance and marginal discrepancy of porcelain laminate veneers influenced by preparation design and restorative material in vitro. *Journal of Dentistry* 2012, 40: 202–209 **Tai-Min Lin**, Perng-Ru Liu, Lance C. Ramp, Milton E. Essig, Daniel A. Givan, Yu-Hwa Pan*
2. Florid cemento-osseous dysplasia (FCOD): case report. *Journal of Dental Sciences* 2010, 5: 242-245 **Tai-Min Lin**, Wan-Hsuan Huang, Chun-Pin Chiang, Hsiu-Na Lin, Yu-Shu Liao, Meng-Ling Chiang*
3. Dental implant-retained mandibular overdenture therapy: A clinical study of patients' response. *Journal of Dental Sciences* 2014, 9: 118-124 Yu-Hwa Pan, Ling-Ming Yu, **Tai-Min Lin***
4. An analysis of the implant-supported overdenture in the edentulous mandible. *Journal of Oral Rehabilitation* 2013, 40: 43-50 K.-W. CHEN, **T.-M. LIN**, P.-R. LIU, L. C. RAMP, H.-J. LIN, C.-T. WU & Y.-H. PAN*
5. In vitro compressive fracture resistance of human maxillary first premolar with different mesial occlusal distal cavity. *Journal of Dental Sciences* 2014, 9: 221-228 Wen-Chou Wu, **Tai-Min Lin**, Perng-Ru Liu, Lance C. Ramp, Yu-Hwa Pan*
6. Comparison of Patient's Satisfaction with Implant-supported Mandibular Overdentures and Complete Dentures. *Biomedical Journal* 2014, 37: 156-162 Yu-Hwa Pan, **Tai-Min Lin**, Chao-Hua Liang*
7. Effect of Luting Agents on Retention of Dental Implant-Supported *J Oral Implantol.* 2015 Oct;41(5):596-9. Pan YH, **Lin TM**, Liu PR, Ramp LC*
8. Retention and Marginal Adaptation of Luting Agents on Dental Implant-Supported Prosthesis *Taiwan J Oral Maxillofac Surg* 25:88-99, June 2014 Tzu-Hsuan Li, **Tai-Min Lin**, Yu-Hwa Pan
9. Investigation of the implant-supported overdentures in completely edentulous mandibles *Journal of Dental Sciences* (2015) 10, 444-449 Yu-Hwa Pan, Kuan-Wei Chen, **Tai-Min Lin**, Yang-Ming Chang
10. 以小直徑植體重建骨脊條件不佳之缺牙區:三例病例報告 **Reconstruction of Compromised Edentulous Ridges with Small Diameter Implants: A Report Describing Three Cases** test 張極青; 潘惠玲; 陳必綸; 林岱民; 廖宥舒; 陳朝
