Presentation:

1. Mucinous Cystadenoma, A Case Report. 34th General Scientific Meeting, Surgical Association, ROC. National Cheng-Kung University, Tainan, Taiwan. Sep 2, 1984.
2. Histiocytoid Hemangioma of the Heart. 35th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 29, 1985.
3. Hypatoma with Cardiac Metastasis: Case Report. 36th General Scientific Meeting, Surgical Association, ROC. National Taiwan College of Education, Changhua, Taiwan. Sep 27, 1985.
1. Surgical Closure of Patent Ductus Arteriosus by Ligation. 36th General Scientific Meeting, Surgical Association, ROC. National Taiwan College of Education, Changhua, Taiwan. Sep 27, 1985.
2. Ascending Aorta: Abdominal Aorta Bypass. 36th General Scientific Meeting, Surgical Association, ROC. National Taiwan College of Education, Changhua, Taiwan. Sep 27, 1985.
3. Carotid Endarterectomy: Experience of 5 Cases in Treatment of Transient Ischemic Attack. 37th General Scientific Meeting, Surgical Association, ROC. Asiaworld Plaza Hotel, Taipei. Mar 28, 1986.
4. Thoracic Injury: Experience of 1018 Cases. 1st General Scientific Meeting, Association of Thoracic & Cardiovascular Surgery, ROC. Tri-Service General Hospital, Taipei, Nov 30, 1986.
5. Surgical Treatment of Native Valve Infective Endocarditis. 1st General Scientific Meeting, Association of Thoracic & Cardiovascular Surgery, ROC. Tri-Service General Hospital, Taipei, Nov 30, 1986.
6. Surgical Management of Empyema Thoracis. 39th General Scientific Meeting, Surgical Association, ROC. Lai Lai Sheraton Hotel, Taipei. Mar 27, 1987.
7. Bentall Operation: Experience of 15 Cases. 39th General Scientific Meeting, Surgical Association, ROC. Lai Lai Sheraton Hotel, Taipei. Mar 27, 1987.
8. Pheochromocytoma. 8th Asian Congress of Thoracic and Cardiovascular Surgery. Nov 1987.
9. Acute Mitral Regurgitation Following Blunt Chest Trauma. 41st General

Scientific Meeting, Surgical Association, ROC. Lai Lai Sheraton Hotel, Taipei.
Mar 26, 1988.

10. Surgical Treatment of Delayed Diagnosed Esophageal Perforation. 41st General Scientific Meeting, Surgical Association, ROC. National Taiwan University Hospital, Taipei. Mar 26, 1988.
11. Medium-Term Durability of the Ionescu-Shiley Heart Valve Prosthesis. 9th Asian Congress on Thoracic and Cardiovascular Surgery. The Grand Hotel, Taipei. Nov 19, 1989.
12. Superoxide Anion Mediates the Endothelium-Dependent Hyperconstriction to Serotonin by Regenerated Endothelium. 16th Annual Meeting, Western Thoracic Surgical Association. Hotel Del Coronado, California, USA. June 21, 1990.
13. Time Course and Extent of Recovery of Endothelium-Dependent Contractions and Relaxations Following Direct Arterial Injury. 46th General Scientific Meeting, Surgical Association, ROC. National Cheng-Kung University, Tainan. Sep 22, 1990.
17. Superoxide Anion Mediates the Endothelium-Dependent Hyperconstriction to Serotonin by Regenerated Endothelium. 46th General Scientific Meeting, Surgical Association, ROC. National Cheng-Kung University, Tainan. Sep 22, 1990.
18. Hypoxia Releases a Vasoconstrictor Substance from the Human Internal Mammary Artery Endothelium. The 76th Clinical Congress of The American College of Surgeons. San Francisco Hilton & Towers, California, USA. Oct 10, 1990.
19. Endothelium-Dependent Contraction to Hypoxia in the Human Internal Mammary Artery. 63rd Scientific Session of the American Heart Association. Dallas Convention Center, Dallas, Texas, USA. Nov 13, 1990.
20. Hypoxia Releases a Vasoconstrictor Substance from the Human Internal Mammary Artery Endothelium. Annular Scientific Meeting, Association of Thoracic and Cardiovascular Surgery, ROC. Tri-Service General Hospital, Taipei. Nov 24, 1990.
21. Pulmonary Artery Perforation after Kirschner Wire Migration. Local Meeting of Surgical Association, ROC. Chang-Gung Memorial Hospital, Linkou. Jan 15, 1991.

22. Endothelium-Dependent Hyperconstriction by Regenerated Endothelium. Symposium on Atherosclerosis: Basic & Clinical Aspects, ROC Society of Cardiology. Taipei International Convention Center, Taipei. Feb 3, 1991.
23. Endothelium-Dependent Contractions and Relaxations in the Human and Canine Internal Mammary Artery: Studies on Bypass Graft Vasospasm. 52nd Annual Meeting of The Society of University Surgeons. The San Luis Hotel & Levin Hall, Galveston, Texas. Feb 7, 1991.
24. Endothelium-Dependent Contraction to Hypoxia in the Human Internal Mammary Artery. 47th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center, Taipei. Mar 23, 1991.
25. Fontan Procedure for Complex Congenital Heart Disease. 47th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center, Taipei. Mar 23, 1991.
26. Endothelium-Dependent Reactions During Intima Regeneration. Symposium on Electronic Microscopy. Xiamen, Mainland China. Mar 28, 1991.
27. Valve Replacement of Aortic Stenosis. 21st Annual Convention and Scientific Session, Republic of China Society of Cardiology. Academia Sinica, Taipei. May 4, 1991.
28. Endothelium-Dependent Production of Prostacyclin in Human Internal Mammary Artery. 21st Annual Convention and Scientific Session, Republic of China Society of Cardiology. Academia Sinica, Taipei. May 4, 1991.
29. Endothelium-Dependent Contraction following Coronary Reperfusion. 21st Annual Convention and Scientific Session, Republic of China Society of Cardiology. Academia Sinica, Taipei. May 4, 1991.
30. Reperfusion Impairs the Protective Action of the Coronary Endothelium Against Platelet-Induced Constriction: A Possible Etiology of Vasospasm Following Cardiopulmonary Bypass. Western Thoracic Surgical Assoc, 1991.
31. Plastic Surgery of the Mitral Valve. Valvular Surgery, ROC Society of Cardiology. Tri-Service General Hospital, Taipei. Sep 15, 1991.
32. Cardiac Transplantation in Chang Gung Memorial Hospital. Annular Scientific Meeting, Association of Thoracic & Cardiovascular Surgery, ROC. Medical College, National Taiwan University, Taipei. Oct 19, 1991.

33. Endothelium-Dependent Contraction and Relaxation of the Human and Canine Internal Mammary Artery: Studies on Bypass Graft Vasospasm. Annular Scientific Meeting, Association of Thoracic & Cardiovascular Surgery, ROC. Medical College, National Taiwan University, Taipei. Oct 19, 1991.
34. Endothelium-Dependent Contraction to hypoxia in Human Internal Mammary Artery Is Mediated by Thromboxane A₂. Annular Scientific Meeting, Association of Thoracic & Cardiovascular Surgery, ROC. Medical College, National Taiwan University, Taipei. Oct 19, 1991.
35. Heparinized-Coated Bypass Shunt for Traumatic Liver Transplantation. 49th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center, Taipei. Feb 26-28, 1992.
36. Acute Reperfusion Injury of Coronary Endothelium. 49th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center, Taipei. Feb 27, 1992.
37. Pseudoaneurysm after Bentall's Operation Mimicking Acute Bjork-Shiley Valve Dysfunction. 49th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center, Taipei. Feb 28, 1992.
38. Mycotic Abdominal Aortic Aneurysm. The Second Surgical Techniques Workshop. New Orleans, Louisiana, USA. Apr 27-30, 1992.
39. Polytetrafluoroethylene Mitral Annuloplasty. The Second Surgical Techniques Workshop. New Orleans, Louisiana, USA. Apr 27-30, 1992.
40. Balloon Valvuloplasty in Stenosis of Mitral Bioprostheses. 22nd Annual Convention and Scientific Session, Republic of China Society of Cardiology. National Taiwan University Hospital, Taipei. May 1, 1992.
41. Superiority of the University of Wisconsin Solution in Prolonged Lung Preservation. 50th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Kaohsiung. Sep 26, 1992.

80. Protection of the Brain by Retrograde Cerebral Perfusion during Circulatory Arrest. 6th Wilson T.S. Wang International Surgical Symposium. Hong Kong. Oct 28, 1994.

149. Endothelium-dependent contraction following coronary reperfusion: role of cardioplegia. 54th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 22, 1995.
150. Intellectual and cognitive function of the brain following hypothermic circulatory arrest. 54th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 22, 1995.
83. Surgical treatment of acute dissecting thoracic aortic aneurysm: the Chang Gung experience. 54th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 22, 1995.
84. Protamine induces endothelium-dependent relaxation of the canine pulmonary artery during hypoxia. 54th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 22, 1995.
85. Improvement in Production of Endothelium-Derived Relaxing Factor Following Coronary Reperfusion. IBC's 4th Symposium on Nitric Oxide. Philadelphia, PA, USA. Mar 27-28, 1995.
86. Surgical intervention after percutaneous transseptal mitral commissurotomy. 25th Annual Convention and Scientific Session, Republic of China Society of Cardiology. Veterans General Hospital, Taipei. May 20, 1995.
87. Prolonged circulatory arrest in moderate hypothermia with retrograde cerebral perfusion: is brain ischemic? 25th Annual Convention and Scientific Session, Republic of China Society of Cardiology. Veterans General Hospital, Taipei. May 20, 1995.
88. Warm blood cardioplegia prevents endothelium dysfunction following coronary reperfusion. 25th Annual Convention and Scientific Session, Republic of China Society of Cardiology. Veterans General Hospital, Taipei. May 21, 1995.
89. Improvement in production of endothelium-derived nitric oxide following global cardiac ischemia and reperfusion: role of warm blood cardioplegia. Symposium on Oxidative Reactions and Antioxidants in Disease. Chang Gung Medical College, Linkou, Taiwan. June 17, 1995.
90. Endothelium-dependent relaxation of the canine pulmonary artery is maintained after prolonged preservation by University of Wisconsin solution. The Fourth Congress of Asian Society of Transplantation. Seoul, Korea. Aug 28, 1995.

91. Role of circulatory arrest with retrograde cerebral perfusion in surgical treatment of aortic dissection. Annular Scientific Meeting, Association of Thoracic & Cardiovascular Surgery, ROC. Kaohsiung Veterans General Hospital, Kaohsiung. Oct 20, 1995.
92. Endothelium-dependent relaxation of the canine pulmonary artery is maintained after prolonged preservation by university of Wisconsin solution. Annular Scientific Meeting, Association of Thoracic & Cardiovascular Surgery, ROC. Kaohsiung Veterans General Hospital, Kaohsiung. Oct 20, 1995.
93. Is deep hypothermia really necessary during prolonged circulatory arrest? Role of retrograde cerebral perfusion. Annular Scientific Meeting, Association of Thoracic & Cardiovascular Surgery, ROC. Kaohsiung Veterans General Hospital, Kaohsiung. Oct 20, 1995.
94. Dietary L-arginine can improve the production of endothelium-derived relaxing factor by regenerating endothelium in hypercholesterolemia. Annular Scientific Meeting, Association of Thoracic & Cardiovascular Surgery, ROC. Kaohsiung Veterans General Hospital, Kaohsiung. Oct 20, 1995.
95. Surgical treatment of metastatic chondrosarcoma of the heart. Annular Scientific Meeting, Association of Thoracic & Cardiovascular Surgery, ROC. Kaohsiung Veterans General Hospital, Kaohsiung. Oct 20, 1995.
96. Continuous Antegrade Warm Blood Cardioplegia Prevents Coronary Endothelium Dysfunction After Global Ischemia and Reperfusion. Annual Meeting of American Heart Association. Anaheim, LA, USA. Nov 14, 1995.
97. Endothelium-dependent relaxation of the canine pulmonary artery is preserved after preservation with University of Wisconsin solution for 16 hours. Annular Scientific Meeting, Transplantation Society of the Republic of China. Medical College, National Taiwan University, Taipei. Nov 19, 1995.
98. Aortic arch with intima tear in acute type A aortic dissection: must it be replaced? 55th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 14, 1996.
99. Continuous antegrade warm blood cardioplegia prevents ultrastructure injury of coronary endothelium after cardiac global ischemia and reperfusion. 55th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 14, 1996.
100. Video-assisted cardiac surgery: closure of atrial septal defect. 55th General

- Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 15, 1996.
101. Video-assisted cardiac surgery: animal experiments. 55th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 15, 1996.
 102. Video-assisted cardiac surgery in patients with acquired heart diseases. 55th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 15, 1996.
 103. Video-assisted thoracoscopic guided mitral valve surgeries. 9th Combined Meeting of the World Congress for Bronchology and World Congress for Bronchoesophagology. Taipei International Convention Center, Taipei. Apr 15, 1996.
 104. Surgical closure of atrial septal defect (ASD): video-assisted cardiac surgery (VACS) or median sternotomy (MS)? 26th Annual Convention and Scientific Session, Republic of China Society of Cardiology. Veterans General Hospital, Taipei. May 4, 1996.
 105. Continuous antegrade warm blood cardioplegia prevents ultrastructure injury of coronary endothelium after cardiac global ischemia and reperfusion. 26th Annual Convention and Scientific Session, Republic of China Society of Cardiology. Veterans General Hospital, Taipei. May 4, 1996.
 106. Video-assisted cardiac surgery: preliminary experience in reoperative mitral valve surgery. 26th Annual Convention and Scientific Session, Republic of China Society of Cardiology. Veterans General Hospital, Taipei. May 4, 1996.
 107. Mitral valve reoperation. 26th Annual Convention and Scientific Session, Republic of China Society of Cardiology. Veterans General Hospital, Taipei. May 4, 1996.
 108. Video-assisted cardiac surgery in patients with acquired heart disease. The 4th Annual Meeting of ASCVS. Seoul, Korea. May 16, 1996.
 109. Video-assisted cardiac surgery in adult patients. With World Congress of the International Society of Cardio-Thoracic Surgeons (ISCTS). Hiroshima, Japan. July 23, 1996.
 110. Video-assisted cardiac surgeries (VACS): preliminary experience in acquired

- heart diseases. XVIII World Congress on Diseases of the Chest. San Francisco, CA, USA. Oct 29, 1996.
111. Surgical closure of atrial septal defect (ASD): video-assisted cardiac surgery (VACS) or median sternotomy (MS)? XVIII World Congress on Diseases of the Chest. San Francisco, CA, USA. Oct 29, 1996.
 112. Warm blood cardioplegia (WBC) prevents dysfunction of endothelium-dependent relaxation (EDR) and endothelium-dependent contraction (EDC) of coronary artery after global ischemia & reperfusion (IR). 69th Scientific Sessions of the American Heart Association. New Orleans, LA, USA. Nov 10, 1996.
 113. Video-assisted cardiac surgery (VACS): the preliminary experience in one center. 69th Scientific Sessions of the American Heart Association. New Orleans, LA, USA. Nov 10, 1996.
 114. Video-assisted cardiac surgery in congenital heart disease. 1st Asian Pacific Workshop on Minimally Invasive Thoracic Surgery. Hong Kong. Nov. 21, 1996.
 115. Video-assisted cardiac surgeries in acquired heart diseases. 1st Asian Pacific Workshop on Minimally Invasive Thoracic Surgery. Hong Kong. Nov. 21, 1996.
 116. Video-assisted cardiac surgery in congenital cardiac disease. 5th Annual Meeting of the Asian Society for Cardiovascular Surgery. Taipei International Convention Center, Taipei. Jan. 11, 1997.
 117. Video-assisted cardiac surgeries in acquired heart diseases. 5th Annual Meeting of the Asian Society for Cardiovascular Surgery. Taipei International Convention Center, Taipei. Jan. 11, 1997.
 118. Surgical closure of atrial septal defect (ASD): video-assisted cardiac surgery (VACS) or median sternotomy (MS)? 5th Annual Meeting of the Asian Society for Cardiovascular Surgery. Taipei International Convention Center, Taipei. Jan. 11, 1997.
 119. Video-assisted minimally invasive coronary artery bypass grafting during hypothermic fibrillatory arrest. 5th Annual Meeting of the Asian Society for Cardiovascular Surgery. Taipei International Convention Center, Taipei. Jan. 11, 1997.
 120. Video-assisted cardiac surgery in closure of ventricular septal defect. 5th

Annual Meeting of the Asian Society for Cardiovascular Surgery. Taipei International Convention Center, Taipei. Jan. 11, 1997.

121. Video-assisted cardiac surgery: preliminary experience in reoperative mitral valve surgery. 5th Annual Meeting of the Asian Society for Cardiovascular Surgery. Taipei International Convention Center, Taipei. Jan. 11, 1997.
122. Warm blood cardioplegia (WBC) prevents dysfunction of endothelium-dependent relaxation (EDR) and endothelium-dependent contraction (EDC) of coronary artery after global ischemia & reperfusion (IR). 5th Annual Meeting of the Asian Society for Cardiovascular Surgery. Taipei International Convention Center, Taipei. Jan. 11, 1997.
123. Prolonged circulatory arrest in moderate hypothermia with retrograde cerebral perfusion. 5th Annual Meeting of the Asian Society for Cardiovascular Surgery. Taipei International Convention Center, Taipei. Jan. 11, 1997.
124. Brain protection in surgical correction of aortic dissection. 9th Congress of the Western Pacific Association of Critical Care Medicine. Veterans General Hospital, Taipei. Feb 19, 1997.
125. Minimally invasive coronary artery bypass grafting for triple vessels disease. 56th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 20, 1997.
126. Minimally invasive cardiac surgery (MICS): a routine procedure for surgical closure of atrial septal defect (ASD). 56th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 21, 1997.
127. Surgical closure of atrial septal defect in pediatric patients: nursing point of view. 56th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 21, 1997.
128. Video-assisted cardiac surgery (VACS) in closure of ventricular septal defect (VSD). 56th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. Mar 21, 1997.
129. Warm blood cardioplegia (WBC) prevents dysfunction of endothelium-dependent relaxation (EDR) and endothelium-dependent contraction (EDC) of coronary artery after global ischemia reperfusion (IR). Mar 30, 1997.

130. Endothelium-dependent relaxation and G-protein function of canine pulmonary artery endothelium after prolonged preservation. Mar 30, 1997.
131. Video-assisted cardiac surgery in closure of ventricular septal defect. Mar 30, 1997.
132. Video-assisted cardiac surgery in adult patients. Mar 30, 1997.
133. Prolonged circulatory arrest in moderate hypothermia with retrograde cerebral perfusion: is brain ischemic? Mar 30, 1997.
134. Video-assisted cardiac surgery in closure of atrial septal defect. Mar 30, 1997.
135. Minimally invasive cardiac surgery during cardioplegic arrest. 27th Annual Convention and Scientific Session, Republic of China Society of Cardiology. Taipei International Convention Center. May 3, 1997.
136. Minimally invasive cardiac surgery in patients with congestive heart failure. 27th Annual Convention and Scientific Session, Republic of China Society of Cardiology. Taipei International Convention Center. May 3, 1997.
137. Video-assisted cardiac surgery in right atrial lesions. 27th Annual Convention and Scientific Session, Republic of China Society of Cardiology. Taipei International Convention Center. May 3, 1997.
138. 138. Minimally invasive cardiac surgery for coronary artery disease during cardioplegic arrest. World Congress on Minimally Invasive Cardiac Surgery. Paris, France. May 30, 1997.
139. Minimally invasive cardiac surgery for intracardiac congenital lesions. World Congress on Minimally Invasive Cardiac Surgery. Paris, France. May 30, 1997.
140. Video-assisted cardiac surgery for intracardiac tumors. World Congress on Minimally Invasive Cardiac Surgery. Paris, France. May 30, 1997.
141. Minimally invasive coronary artery bypass surgery. Asian Pacific Cardiovascular Update 1997. Hong Kong. Jun 6, 1997.
142. 2nd Asian Pacific Workshop & Symposium on Minimally Invasive Thoracic Surgery combined with 1st International Symposium on Minimally Invasive Cardiac Surgery. Chang Gung Memorial Hospital, Taipei, Taiwan. December 9 ~ 11, 1997.

143. Minimally invasive coronary artery bypass grafting for left main or triple vessels coronary artery disease. 2nd Asian Pacific Workshop & Symposium on Minimally Invasive Thoracic Surgery combined with 1st International Symposium on Minimally Invasive Cardiac Surgery. Chang Gung Memorial Hospital, Taipei, Taiwan. December 9 ~ 11, 1997.
144. Coronary artery surgery for triple vessel lesions: MICS or median sternotomy? 2nd Asian Pacific Workshop & Symposium on Minimally Invasive Thoracic Surgery combined with 1st International Symposium on Minimally Invasive Cardiac Surgery. Chang Gung Memorial Hospital, Taipei, Taiwan. December 9 ~ 11, 1997.
145. Minimally invasive coronary artery surgery in women. 2nd Asian Pacific Workshop & Symposium on Minimally Invasive Thoracic Surgery combined with 1st International Symposium on Minimally Invasive Cardiac Surgery. Chang Gung Memorial Hospital, Taipei, Taiwan. December 9 ~ 11, 1997.
146. Minimally invasive mitral valve surgeries. 2nd Asian Pacific Workshop & Symposium on Minimally Invasive Thoracic Surgery combined with 1st International Symposium on Minimally Invasive Cardiac Surgery. Chang Gung Memorial Hospital, Taipei, Taiwan. December 9 ~ 11, 1997.
147. "I" ministernotomy for aortic valve replacement. 2nd Asian Pacific Workshop & Symposium on Minimally Invasive Thoracic Surgery combined with 1st International Symposium on Minimally Invasive Cardiac Surgery. Chang Gung Memorial Hospital, Taipei, Taiwan. December 9 ~ 11, 1997.
148. Minimally invasive cardiac surgery in patients with congestive heart failure. 2nd Asian Pacific Workshop & Symposium on Minimally Invasive Thoracic Surgery combined with 1st International Symposium on Minimally Invasive Cardiac Surgery. Chang Gung Memorial Hospital, Taipei, Taiwan. December 9 ~ 11, 1997.
149. Minimally invasive cardiac surgery in intracardiac non-myxoma mass lesions. 2nd Asian Pacific Workshop & Symposium on Minimally Invasive Thoracic Surgery combined with 1st International Symposium on Minimally Invasive Cardiac Surgery. Chang Gung Memorial Hospital, Taipei, Taiwan. December 9 ~ 11, 1997.
150. Totally minimally invasive cardiac surgery for coronary artery disease during cardioplegic arrest. 2nd Asian Pacific Workshop & Symposium on Minimally Invasive Thoracic Surgery combined with 1st International

Symposium on Minimally Invasive Cardiac Surgery. Chang Gung Memorial Hospital, Taipei, Taiwan. December 9 ~ 11, 1997.

151. Minimally invasive cardiac surgery for left atrial myxoma. 2nd Asian Pacific Workshop & Symposium on Minimally Invasive Thoracic Surgery combined with 1st International Symposium on Minimally Invasive Cardiac Surgery. Chang Gung Memorial Hospital, Taipei, Taiwan. December 9 ~ 11, 1997.
152. Minimally invasive cardiac surgery for closure of coronary artery fistula. 2nd Asian Pacific Workshop & Symposium on Minimally Invasive Thoracic Surgery combined with 1st International Symposium on Minimally Invasive Cardiac Surgery. Chang Gung Memorial Hospital, Taipei, Taiwan. December 9 ~ 11, 1997.
153. Minimally invasive cardiac surgery for ruptured interventricular septum following acute myocardial infarction. 2nd Asian Pacific Workshop & Symposium on Minimally Invasive Thoracic Surgery combined with 1st International Symposium on Minimally Invasive Cardiac Surgery. Chang Gung Memorial Hospital, Taipei, Taiwan. December 9 ~ 11, 1997.
154. Minimally invasive cardiac surgery for congenital disease. International Minimally Invasive Cardiac Surgery. Tokyo, Japan. Feb 21, 1998.
155. Minimally invasive saphenous vein harvest. International Minimally Invasive Cardiac Surgery. Tokyo, Japan. Feb 21, 1998.
156. Minimally invasive coronary artery surgery in women. 1st Congress of the Asian-Pacific Society of Atherosclerosis and Vascular Disease. Taipei International Convention Center. March 24, 1998.
157. Coronary artery surgery for triple vessel lesions: MICS or median sternotomy? 56th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center. April 8, 1998.
158. Minimally invasive mitral valve surgeries. 56th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center. April 8, 1998.
159. "I" ministernotomy for aortic valve replacement. 56th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center. April 8, 1998.
160. Minimally invasive cardiac surgery in patients with congestive heart failure.

- 57th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center. April 8, 1998.
161. Minimally invasive cardiac surgery in intracardiac non-myxoma mass lesions. 57th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center. April 8, 1998.
162. Totally minimally invasive cardiac surgery for coronary artery disease during cardioplegic arrest. 57th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center. April 8, 1998.
163. Minimally invasive cardiac surgery for left atrial myxoma. 57th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center. April 8, 1998.
164. Minimally invasive cardiac surgery for closure of coronary artery fistula. 57th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center. April 8, 1998.
165. Minimally invasive cardiac surgery for ruptured interventricular septum following acute myocardial infarction. 56th General Scientific Meeting, Surgical Association, ROC. Taipei International Convention Center. April 8, 1998.
166. Video-assisted cardiac surgery in excision of left atrial myxoma. VATS '98 -- 5th International Symposium of Thoracoscopic Surgery. Tokyo, Japan. April 30, 1998.
167. Minimally invasive cardiac surgery for left main and/or triple vessel disease. VATS '98: 5th International Symposium of Thoracoscopic Surgery. Tokyo, Japan. April 30, 1998.
168. Video-assisted mitral valve surgery. VATS '98: 5th International Symposium of Thoracoscopic Surgery. Tokyo, Japan. April 30, 1998.
168. Video-assisted mitral and aortic valve operation. 6th World Congress of Endoscopic Surgery. Rome, Italy. June 5, 1998.
169. MIDCAB grafting in patients with left main or triple vessel disease. Annular Scientific Meeting, Association of Thoracic & Cardiovascular Surgery, ROC. Veterans General Hospital, Taipei. Oct 9, 1998.
170. Minimally invasive aortic and mitral valve operations.
171. 第一屆閩臺地區心臟血管學研討會. Fuchou, Fuchien, PRC. Oct 26-27,

- 1998.
172. Minimally invasive coronary artery bypass grafting in patients with left main or triple vessel disease. 第一屆閩臺地區心臟血管學研討會. Fuchou, Fuchien, PRC. Oct 26-27, 1998.
 173. Mitral valve replacement: ministernotomy or full sternotomy? 58th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. March 11, 1999.
 174. Paris. May 20, 1999.
 175. T-ministernotomy for mitral valve replacement. 7th Annual Meeting of the Asian Society for Cardiovascular Surgery. Raffles City Convention Center, The Westin Stamford & Westin Plaza, Singapore, May 29, 1999.
 176. Use of radial artery as a conduit for coronary artery bypass grafting. 59th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. March 25, 2000.
 177. Intraoperative evaluation of availability of the radial artery. 59th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. March 25, 2000.
 178. Lower sternotomy for valvular heart surgery. 59th General Scientific Meeting, Surgical Association, ROC. Veterans General Hospital, Taipei. March 25, 2000.
 179. Minimal access surgery for valvular heart lesions. 7th World Congress of Endoscopic Surgery. Singapore. June 3, 2000.
 180. Management of endothelium dysfunction in cardiac surgery. Beijing. June 17, 2000.
 181. Minimally invasive cardiac surgery: where are we going next? 8th Annual Meeting of the Asian Society for Cardiovascular Surgery. Fukuoka, Japan. Sept 8, 2000.
 182. Off pump coronary artery bypass. Annular Scientific Meeting, Association of Thoracic & Cardiovascular Surgery, ROC. Veterans General Hospital, Taipei. Oct 7, 2000.
 183. Off pump coronary artery bypass using reusable stabilizers: preliminary experience. 60th General Scientific Meeting, Surgical Association, ROC. Kaohsiung Medical University, Kaohsiung. March 25, 2001.

184. Long term outcome of the valvular xenografts: the Chang Gung experience.
31st Annual Convention and Scientific Session, Taiwan Society of Cardiology.
Taipei International Convention Center. May 19, 2001.
185. 微創開心手術于成年人心臟病之應用:長庚醫院之經驗. 第四屆海峽兩岸心血管病學學術研討會. 上海. Mar 30, 2002.
186. Minimally Invasive Cardiac Surgery. 32nd Annual Convention and Scientific Session, Taiwan Society of Cardiology. Taipei International Convention Center. May 18, 2002.
