

**\*康智雄醫師**

所有發表期刊論文及演講

1. **Kang CH**, Yu TJ\*, Hsieh HH, Yang JW, Shu K, Huang CC, Chiang PH, and Shiue YL. The development of bladder tumors and contralateral upper tract tumors after primary transitional cell carcinoma of the upper urinary tract. **Cancer** **2003/Feb.**; 98: 1620-1626
2. **Kang CH**, Yu TJ\*, Hsieh HH, Yang JW, Shu K and Shiue YL. Synchronous bilateral primary transitional cell carcinoma of the upper urinary tract: Ten cases with more than five-years of follow-up. **Urology** **2004/Mar**; 63:380-382
3. **Kang CH, Chiang PH\***, **Huang SC**. Correlation of COX-2 expression in stromal cells with high stage, high grade, and poor prognosis in urothelial carcinoma of upper urinary tracts. **Urology** **2008/Jan.**;72: 153-7
4. The clinical characteristics of simultaneous and subsequent transitional cell carcinomas of the upper urinary tracts. 碩士論文
5. Luo HL, **Kang CH**, Chiang PH\*. Gasless Hand Assisted Retroperitoneoscopic Nephroureterectomy. **Journal of Endourology** 2009;23:69-74
6. Chen CH, **Kang CH**, Chiang PH: Intra-arterial Infusion of Chemotherapy in the Treatment of Penile Cancer. **Jpn J Clin Oncol** 2009;39:825-828
7. **Kang CH**, Chien-Hsu Chen, Chiang PH: Primary Urothelial Carcinoma of the Upper Urinary Tract in Dialysis Patients with 5-year Follow-up. **Jpn J Clin Oncol** 2009;40:241-246

**Presentation**

1. **Kang CH**, and Yu TJ\*. Ureteral replacement with vascularized vein graft. Ann. Meeting Surg. Assoc. Mar. 2000
2. **Kang CH**, and Yu TJ\*. The STING in the refluxing ureter. Ann. Meeting Uro. Assoc. Aug 2001
3. **Kang CH**, Chiang PH\*, and Yu TJ. Combined use of total prostatic specific antigen and ration of free prostatic specific antigen in prostatic cancer detection. Ann. Meeting. Surg. Assoc. Mar. 2002

4. **Kang CH**, Yu TJ\*, Hsieh HH, Chiang PH, Yang JW, and Shu K. High incidences of synchronous and metachronous urothelial tumors in dialysis patients with primary transitional cell carcinomas of the upper urinary tracts. Ann. Meeting Uro. Assoc. Aug 2003
5. **Kang CH**, Yu TJ\*, Hsieh HH, Chiang PH, Yang JW, and Shu K. The development of bladder tumors and contralateral upper tract tumors after primary transitional cell carcinoma of the upper urinary tract. Ann. Meeting. Surg. Assoc. Mar. 2004
6. **Kang CH**, Yu TJ\*, Hsieh HH, Yang JW, Shu K and Shiue YL. Synchronous bilateral primary transitional cell carcinoma of the upper urinary tract: Ten cases with more than five-years of follow-up. Ann. Meeting Uro. Assoc. Aug 2004
7. **Kang CH**, Chiang PH, Huang SC. Correlation of COX-2 Expression in Stromal Cells with High Stage, High Grade and Poor Prognosis in Urothelial Carcinoma of Upper Urinary Tracts Ann. Meeting. Uro. Assoc. Aug 2006
8. **Kang CH**, Chiang PH. The prognostic significance of serum interleukin-6 levels in patients with prostate cancer. Ann. Meeting. Surg. Assoc. Mar. 2007
9. **Kang CH**, Chiang PH. Primary Urothelial Carcinoma of the Upper Urinary Tracts in Dialysis Patients with 5-year follow-up. Chinese Meeting. AUA, 2007
10. **Chih-Hsiung Kang**, Po-Hui Chiang, Shun-Chen Huang\*. Correlation of COX-2 expression in stromal cells with high stage, and poor prognosis in urothelial carcinoma of bladder Ann. Meeting. Surg. Assoc. Mar. 2009
