

*林景坤醫師

所有發表期刊論文

1. **Lam King-Kwan**, Leu Mei-Ling, Tsai Horng-Ji, Hsiu Kuo-Tai. Electrolyte patterns in renal failure patients. Chang Gung Medical Journal 1988; 11: 192-200.
2. Hwang Jyh-Chang, Hsu Kuo-Tai, Tsai Hung-Chi, **Lam King-Kwan**, Wang Pei-Wen.
B-endorphin in maintenance hemodialysis patients. Journal of the Formosan Medical Association 1989; 88: 360-365. (SCI)
3. Liu Chin-Chiu, Hsu Kuo-Tai, Tsai Horng-Ji, **Lam King-Kwan**. Red cell distribution width in the detection of iron deficiency in maintenance hemodialysis patients. Chang Gung Medical Journal 1990; 13: 268-273.
4. Lee Chien-Te, Chuang Feng-Rong, Hsu Kuo-Tai, **Lam King-Kwan**, Liao Shang-Chih, Liu Chin-Chu, Chen Jin-Bor, Jang Shyh-Woei, Chien Yu-Shu, Pan Hsien-Heng. Clinical experience of automated double filtration plasmapheresis. Chang Gung Medical Journal 1996; 19: 313-319.
5. Lee Chih-Hsiung, **Lam King-Kwan**, Fung Si-Tun, Lee Chien-Te, Hsu Kuo-Tai.
Early recognition of unsuspected malignant hyperthermia and successful management of severe myoglobinuric renal failure in subsequent rhabdomyolysis. Chang Gung Medical Journal 1998; 21: 211-216.

6. Lee Chien-Te, **Lam King-Kwan**, Liao Shang-Chih, Chen Jin-Bor, Hsu Kuo-Tai.
The significance of syphilis serology tests on long-term hemodialysis patients.
Chang Gung Medical Journal 1998; 21: 447-452.
7. Cheng Yuan-Fu, Chuang Feng-Rong, Chen Jin-Bor, Liao Shang-Chih, **Lam King-Kwan**, Hsu Kuo-Tai. Spontaneous cellulitis in adults with idiopathic nephrotic syndrome. Chang Gung Medical Journal 1998; 21: 158-164.
8. **Lam King-Kwan**, Lui Chun-Chung. Successful treatment of acute inferior vena cava and unilateral renal vein thrombosis by local infusion of recombinant tissue plasminogen activator. American Journal of Kidney Diseases 1998; 32(6): 1075-1079. (SCI)
9. Chen Miao-Chen, **Lam King Kwan**, Hsu Kuo-Tai. Spontaneous bacterial peritonitis in adult patients with primary nephrotic syndrome. Chang Gung Medical Journal 1999; 22: 227-233.
10. Hung Kuei-Hung, Lee Chien-Te, **Lam King-Kwan**, Chuang Feng-Rong, Hsiu Kuo-Tai, Chen Jin-Bor, Chien Yu-Shu, Pan Hsien-Heng. Ischemic bowel disease in chronic dialysis patients. Chang Gung Medical Journal 1999; 22: 82-87.
11. Lee Chien-Te, Liao Shang-Chih, Hsu Kuo-Tai, **Lam King-Kwan**, Chen Jin-Bor.
Low dose desferrioxamine can improve erythropoiesis in iron-overload hemodialysis patients without side effects. Renal Failure 1999; 21(6): 665-673. (SCI)
12. **Lam King-Kwan**, Kuo Ching-Yuan. Bone marrow examinations as final clue to diagnosis of hypercalcemia: report of two cases. Renal Failure 1999; 21(1): 101-105. (SCI)
13. Lee Chien-Te, Huang Chao-Cheng, **Lam King-Kwan**, Chen Jin-Bor. Kimura's disease in a chronic hemodialysis patient. American Journal of Nephrology

2001; 21: 47-50. (SCI)

14. Chen Jin-Bor, Pan Hsien-Heng, Lee Chih-Hsiung, Chien Yu-Shu, Lee Chien-Te, Liu Ting-Tsan, **Lam King-Kwan**, Hsu Kuo-Tai. Longitudinal change in peritoneal membrane function with continuous ambulatory peritoneal dialysis (CAPD) after peritonitis episodes. *Chang Gung Medical Journal* 2004; 27: 29-34.
15. Lee Chien-Te, Hsu Chung-Yao, **Lam King-Kwan**, Lin Chung-Ren, Chen Jin-Bor. [Inflammatory markers and hepatocyte growth factor in sustained hemodialysis hypotension.](#) *Artificial Organs* 2005; 29(12): 980-983. (SCI)
16. Lee Chien-Te, Yang Chih-Chao, **Lam King-Kwan**, Kung Chia-Te, Tsai Chia-Jung, Chen Hung-Chun. Hypercalcemia in the emergency department. *American Journal of the Medical Sciences* 2006; 331(3): 119-123. (SCI)
17. Lee [Lung-Chih](#), **Lam King-Kwan**, Lee [Chien-Te](#), Chen [Jin-Bor](#), Tsai [Tzu-Hsien](#), Huang [Shun-Chen](#). "Full house" proliferative glomerulonephritis: an unreported presentation of subacute infective endocarditis. *Journal of Nephrology* 2007; 20(6): 745-749. (SCI)(Corresponding Author)
18. Hsu Chung-Yao, Lee Chien-Te, Lee Yue-Joe, Huang Tiao-Lai, Yu Ching-Yi, Lee Lung-Chih, **Lam King-Kwan**, Chien Yu-Shu, Chuang Feng-Rong, Hsu Kao-Tai. Better Sleep Quality and Less Daytime Symptoms in Patients on Evening Hemodialysis: A Questionnaire-based Study. *Artificial Organs* 2008; 32(9): 711-716. (SCI)
19. Lee Lung-Chih, Lee Chien-Te, Liao Shang-Chih, Hsu Kuo-Tai, **Lam King-Kwan**, Chen Jin-Bor, Chuang Feng-Rong, Chien Yu-Shu, Lee Chih-Shiung, Cheng Ben-Chung, Wu [Chien-Shing](#). Peritoneal transport, residual kidney function

and chronic inflammation in peritoneal dialysis patients. *Acta Nephrologica* 2008; 22: 105-110.

20. Yang Yu-Kun, Kuo Ming-Chun, Yang Chih-Chau, Lee Chien-Te, **Lam King-Kwan**, Liao Shang-Chih, Chuang Feng-Rong, Chen Jin-Bor, Hsu Kuo-Tai. Glycemic control and association with metabolic factors in hemodialysis patients with diabetes mellitus. *Acta Nephrologica* 2008; 22: 167-172.
21. Chen Miao-Chen, Chen Jin-Bor, Liao Shang-Chih, Hsu Kuo-Tai, **Lam King-Kwan**, Chuang Feng-Rong, Chien Yu-Shu, Lee Chien-Te, Lee Chih-Shiung, Cheng Ben-Chung. A longitudinal change of peritoneal equilibration test results in peritoneal dialysis patients aged 60 years and above: A 4-year observation study in comparison with a younger group. *Chang Gung Medical Journal* 2010; 33: 327-333.
