

Physical Examination Requirements (Simplified)

All applicants must provide a health screening report issued within 3 to 6 months, including:

- **Chest X-ray** (within 3 months)
- **Rubella & Measles (Rubeola) antibody tests** (within 3 months)
- **Hepatitis B & C tests** (within 6 months)

If antibody levels are insufficient, you must provide:

- **Vaccination records** for Hepatitis B, Measles, and Rubella, or
- A **certificate of contraindication** from a qualified regional hospital or above.

💡 You may choose to complete the medical exam at Chang Gung Memorial Hospital (self-paid), at least 10 days before your training begins.

✦ During outbreaks of infectious diseases, additional vaccination records or test results may be required based on national and hospital policies.
