15 BMJ Christmas appeal 2013
   Help the charity Doctors of the World bring medical care to the typhoon battered Philippines—and others in need worldwide
16 Is there a healthy market in the NHS?
   At least £6bn worth of work is out to tender in England's NHS. But in the "arms race" between commercial providers vying for NHS contracts, there is much secrecy around how these contracts are awarded and how they're really performing, reports Jane Deith

ANALYSIS
18 Importance of clarifying patients' desired role in shared decision making
   We should not assume that certain groups of patients don't want to or can't participate in decisions about their healthcare, say Mary Politi and colleagues, and they offer advice on how to determine how much patients want to be involved
