Contents

Commentary
729 The toxicity of energy drinks: Myth or reality?
C. Hoyle

Review Article
731 Water-based solutions are the best decontaminating fluids for dermal corrosive exposures: A mini review
Jeffrey Brent

Research Article
737 Prophylactic and therapeutic effects of garlic extract on Nerium oleander-induced arrhythmia: a new approach to antiarrhythmic therapy in an ovine model
M. Fattahi, B. Dairi-Naghdadeh, and M. Mahan

Critical Care
748 Assessment of serum $100B and neuron specific enolase levels to evaluate the neurotoxic effects of organic solvent exposure Ceydet Zinggin, Fatma Meriä Yilmaz, Evgin Tatkan, Hind Yilmaz, and Semra Uysal

752 Pre-hospital management and outcome of acute poisonings by ambulances in Yekaterinburg, Russia Yulia V. Krayeva, Konstantin M. Brusin, Alexander V. Bushuev, Dmitriy L. Kondrashov, Valentin G. Sentsov, and Knut Erik Hovda

761 Drug-induced seizures in children and adolescents presenting for emergency care: Current and emerging trends Y. Finkelstein, J. R. Hutson, S. B. Freedman, P. Was, and J. Brent, on behalf of the Toxicology Investigators Consortium (Toxic) Case Registry

767 Effect of intravenous lipid emulsion in patients with acute glycolate intoxication Hye-Wook Gil, In-Seok Park, Sang-Ho Park, and Seo-Yong Hong

772 Predicting the requirement for N-acetylcysteine in paracetamol poisoning from reported dose S. B. Duffull, and G. K. Ibbister

777 Methadone toxicity: comparing tablet and syrup formulations during a decade in an academic poison centre of Iran S. Shadnia, M. Rahimi, H. Hassamian-Moghadam, K. Soltaninejad, and A. Norooz

Poison Centres

789 Demographics and outcome of unintentional insulin overdoses managed by three poison centres M. C. Beuhler, H. A. Spiller, and A. Aleguas

Brief Communications

798 Tender Nesting Polypore (Hapalopilus rutilans) poisoning: report of two cases A. F. Villa, P. Savin, J. Langrond, G. Favre, D. Chataigner, and R. Garnier

801 Toxic epidermal necrolysis after extensive dermal use of realgar-containing (arsenic sulfide) herbal ointment M. L. Wu and J. F. Deng

Images
804 Woman with hemorrhagic spots on her abdomen Y. Y. Kyong and K. H. Choi

Letters to the Editor
806 Response to Letter: Lithium poisoning: the value of early digestive tract decontamination Matthew McCarty, Rana Biary, and Daniel Lugassy

807 Response to Letter: "Lithium poisoning: the value of early digestive tract decontamination" Marie Bretneau Degeigne, Jean Francois Hamel, David Boels, and Patrick Harry

808 Maintaining lithium elimination is at least as important as early gastrointestinal decontamination in acute-on-chronic poisonings Dominique Vedovar and Bruno Mégarbaine

809 Early digestive tract decontamination in acute-on-chronic lithium poisoning does not call conventional therapy into question Marie Bretneau Degeigne, Jean Francois Hamel, David Boels, and Patrick Harry

810 Contribution of serum ethanol concentration to the osmol gap: a prospective volunteer study Royal Sud, Lewis S. Nelson, Matthew Bouchard, and Weilum W. Lee

812 Response to Letter: Identification of patients at risk of anaphylactoid reactions to N-acetylcysteine in the treatment paracetamol overdose Rana Biary and Robert S. Hoffman

813 Response to Letter: Anaphylactoid reactions to NAC Lars E. Schmidt

814 Nicotinic acid in erythromelalgia associated with Clitocybe acromelalgia intoxication: Theories and therapy Subramaniam Senthil Kumar, Ritesh G. Menezes, Narendra Nath Jena, and Ponniah Thirumalakokolundasubramaniam

815 Therapeutic potential of nicotinic acid in erythromelalgia associated with Clitocybe acromelalgia intoxication Nobuhiro Nakajima, Masayuki Ueda, Naoyuki Higashi, and Yasisu Katayama
