EDITOR’S COMMENTARY
Commentary on the January 2014 Issue
9

EDITOR’S CHOICE
Pulmonary Function Test Quality in the Elderly: A Comparison With Youger Adults
by Jeffrey M Haynes—Nashua, New Hampshire
16

ORIGINAL RESEARCH
Effect of Training on Inspiratory Load Compensation in Weaned and Unweaned
Mechanically Ventilated ICU Patients
by Barbara Kellerman Smith, Andrea Gabrielli, Paul W Davenport,
and A Daniel Martin—Gainesville, Florida
22

Suction Catheter Size: An Assessment and Comparison of 3 Different Calculation
Methods
by Christopher J Russian, Joshua F Gonzalez, and Nicholas R Henry—San Marcos, Texas
32

Hygrometric Properties of Inspired Gas and Oral Dryness in Patients With Acute
Respiratory Failure During Noninvasive Ventilation
by Jun Goto, Eniko Nakatoki, Nao Osada, Matsu Ondera, Hideaki Inomasa,
and Masaji Nishimura—Tokushima, Japan
39

Heated Humidification Improves Clinical Outcomes, Compared to a Heat
and Moisture Exchanger in Children With Tracheostomies
by David G McNamar, M Innes Asher—Auckland, New Zealand
Bruce K Rubin—Richmond, Virginia
Al exciting Stewart, and Catherine A Byrnes—Auckland, New Zealand
46

Effects of Smoking, Depression, and Anxiety on Mortality in COPD Patients:
A Prospective Study
by Pei-Jen Lou, Pei-Jen Chen, Pan Zhang, Jius Yi, Yong Wang, Na Chen, Leizhong, Hongmin Wu,
and Jing Zhao—Xizhou City, China
54

Upper and Lower Limb Muscles in Patients With COPD: Similarities in Muscle
Efficiency But Differences in Fatigue Resistance
by Eduardo Fonseca Miranda—São Paulo, Brazil
Carlos Malagutti—Juiz de Fora, Brazil
Paulo Henrique Marchetti, and Simone Dal Corso—São Paulo, Brazil
62

Effect of High-Flow Nasal Cannula on Thoraco-Abdominal Synchrony in Adult
Critically Ill Patients
by Tatsuya Inamura, Nao Osada, Yumiko Tanuma, Hikayu Kohata, Eniko Nakatoki,
Matsuo Ondera, Hideaki Inomasa, and Masaji Nishimura—Tokushima, Japan
70

Predictors of Exercise-Induced Oxygen Desaturation in Systemic Sclerosis
Patients With Intestinal Lung Disease
by Fujiko Sonoya, Nozomi Magii, Minoru Hasegawa, Tatsuairo Yuhata,
and Takao Nakagawa—Kamezawa, Japan
75

Impact of Bronchodilator Responsiveness on Quality of Life and Exercise
Capacity in Patients With COPD
by Francisco Ortega, Eduardu Miguez-Martin, Borja Valencia, Pilar Celadado, Ana Rodriguez,
Jose Luis Lipof-Camps, and Emilia Barro—Seville, Spain
81

Assessing Maximal Exercise Capacity: Peak Work or Peak Oxygen Consumption?
by David A Kaminsky—Burlington, Vermont
Alexey Kovalyshyn—Fall River, Massachusetts
Ali Saleghi, and Charles G Irving—Burlington, Vermont
90
Long-Term Mechanical Ventilation Equipment for Neuromuscular Patients:
Meeting the Expectations of Patients and Prescribers
by Frédéric Lofaso, Hélène Prigent—Garches, France
Vincent Tiffreau—Lille, France
Nathalie Menory—Saint-Georges-sur-Loire, France
Michel Toussaint—Brussels, Belgium
Armelle Finet Memmi, Natalie Stromler—Marseille, France
Christian Demouze—Evry, France
Karl Leroux—Suresnes, France
David Orlikowski—Garches, France
Cécile Mauri—St-Mathieu-de-Treviers, France
Isabelle Pin—Grenoble, France
Subrina Sacconi, Céline Pereira—Nice, France
Jean-Louis Pépin—Grenoble, France
and Brigitte Foucaux—Porto, France

High-Frequency Chest Wall Compression Therapy in Neurologically Impaired Children
by Kathryn Fitzgerald, Jessica Dugre, Sobhan Pagada, Peter Homel, Michael Marcus,
and Mikhail Kazachkov—Brooklyn, New York

Oxygen Supplementation in Noninvasive Home Mechanical Ventilation:
The Crucial Roles of CO2 Exhalation Systems and Leakages
by Jan H Soree, Sophie E Hartmann, Emeline Eckernrack, Stephan Walterspacher,
Claudius Schmoe, Michael Dreher, and Wolfram Windisch—Freiburg, Germany

Experimental Model of Atelectasis in Newborn Piglets
by Tatiana Comina, Humberto Holmoer Fiore, Renato Machado Fiore, Priscila Passos,
Jaqueleine Basso Stiviano, and Vinicius Duval da Silva—Porto Alegre, Rio Grande do Sul, Brazil

EDITORIALS

Pulmonary Function Testing Coming of Age for the Elderly
by Helen M Sorensen—San Antonio, Texas

What Are the Implications of Blunted Load Compensation Responses in Prolonged-Weaning Patients?
by Catherine SH Sassoon—Irvine, California

PUBLISHED ONLINE (WWW.RCJOURNAL.COM)

CASE REPORTS

Removal of Aspirated Teeth in a Multiple Trauma Patient, Using Fiberoptic Bronchoscopy With Simultaneous Tracheostomy: Review of 2 Cases
by Dong Wook Kim, Ji Young Jung—Seoul, Korea
Hong Jin Shin—Wonju, Korea
Ji Ye Jung, Eun Young Kim, Woog Nam, and Joe Gil Lee—Seoul, Korea

Necrotizing Tracheitis Secondary to Corynebacterium Species Presenting With Central Airway Obstruction
by Jorge Guerrero, Pavan Mallur, Erik Folch, Colleen Keyses, Isaac E Stillman,
Sidhu P Gunatharan, and Adnan Majid—Boston, Massachusetts

TEACHING CASE

Beyond Conventional Therapy: Role of Pulse Steroids in Bleomycin Induced Lung Injury
by Raghav Gupta and Neil A Ettinger—Chesterfield, Missouri
