書名：**Health care ethics:critical issues for the 21st century**

作者：**Eileen E. Morrison**

內容簡介：Organized around the four central themes of healthcare ethics (theoretical foundations and issues for individuals, organizations, and society), Health Care Ethics, Fourth Edition brings together the insights of a diverse panel of leading experts in the fields of bioethics, long-term care, and health administration, among others. Students will build on this critical platform to develop an extensive toolbox of analytical and problem-solving skills. The fully revised and updated Fourth Edition addresses current changes in health care, including three new chapters covering ethical issues related to Health Information Management, Patient Safety, and Epidemics. All other chapters have been updated to reflect the most recent developments in medical technology and new challenges faced by health care professionals in the era of the ACA.

目錄：

- Chapter 1 Theory of healthcare ethics
- Chapter 2 Principles of healthcare ethics
- Chapter 3 The moral status of gametes and embryos
- Chapter 4 The ethical challenges of the new reproductive technologies
- Chapter 5 Ethics and aging in America
- Chapter 6 Healthcare ethics committees
- Chapter 7 Ethics in the management of health information systems
